

Career Related to Chemistry

What is Chemistry?

The branch of science concerned with the substances of which matter is composed, the investigation of their properties and reactions, and the use of such reactions to form new substances.

Art Conservator

Astrochemist

Biochemistry Technologist

Brewmaster

Chemical Analyst

Chemical Engineer

Chemical Engineering Technologist

Chemical Information Manager

Chemical Physicist

Chemical Researcher

Chemical Technologist

Cheminformatics

Chemist

Chemistry and Law

Chemistry Professor

Combined Laboratory and X-Ray Technologist

Crystallography

Doctor

Energy Asset Management Professional

Environmental Chemist

Environmental Policy Maker

Epidemiologist

Food and Beverage Processing Grader

Food Scientist

Forensic Laboratory Analyst

Formulation chemistry

Geochemist

Geological and Geophysical Technologist

Health Care Administrator

Hydrometric Technologist

Industrial Designer

Industrial Hygienist

Industrial Manager

Laboratory Manager

Laboratory Manager

Magnetic Resonance Technologist

Material Scientist

Medical Laboratory Technologist

Medical Researcher

Nanotechnologist

Non-Destructive Testing Technician

Nuclear Medicine Technologist

Paint Formulation Chemist

Patent Agent

Pathologist

Petroleum Engineering Technologist

Pharmaceutical Chemist

Pharmacist

Pharmacologist

Plant Manager

Plastics Processing Manager

Pollution Control Technologist

Process Chemistry
Public Information Management Chemist
Public Relations Specialist
Pulping and Bleaching Manager
Quality Controller
Refinery and Upgrader Process Operator
Regulatory/Government Affairs Specialist
Research and Development Manager
Safety Officer
Scientific Consultant
Snubbing Services Operator and Supervisor
Specialty Chemicals Production Supervisor
Sustainability Specialist
Technical Communication Chemist
Technical Sales and Marketing Chemist
Technical Writer / Editor
Textile Chemist
Toxicologist
Toxicologist Quality Controller
Water Purification Chemist
